Progress Reports and Recommendations through 12/2017

- Short-Term Initiatives:
  - Central Staffing
  - Automate Research Management Workflows
    - Priority One™ BA
    - expand ePAWS
  - Research Compliance & Management Training

- Internal Environmental Scan: Development of Administrator, College, University & Faculty Surveys

- Communication Plan
Discussion Points: People, Processes, Technology, Organization & Communication

1. What one thing would you like to have to improve submission of your research proposals?

2. What one thing would you like to have to improve the management or execution of your research awards?

3. Based on your experience at other universities, what resources/practices would you recommend NU adopt to better support faculty research?

4. What do you recommend for more productive communication between faculty and administrators?
