In 2017/18, the University Classroom Advisory Committee worked to redesign 200 Richards and 300 Richards.

It was decided that 200 RI will be broken into a 146-seat tiered classroom and a 42-seat flat classroom, rather than the large lecture hall it is now. This reconfiguration also yields a new small flexible classroom. Below is the plan for the new small classroom (238 RI)

300 RI will remain in the same configuration, but will be updated/refreshed (draft plan below)

Draft for 238 RI

Draft for 300 RI
