We propose the following resolution pertaining to Tenure on Entry:

Whereas any issues involving the hire of a faculty member with tenure on entry should be resolved in advance;

And whereas it is desirable that all hires of faculty with tenure proceed smoothly and without delays;

Be it resolved that the following addition be made to Faculty Handbook section on Tenure on Entry as a new paragraph, before the current first paragraph under 2b, page 4:

Before an offer is made to a faculty candidate to be hired with tenure on entry, regardless of the time of year, the tenure committee of the primary unit shall provide a written opinion on the hiring of the candidate with tenure.

Be it further resolved that this addition to the Faculty Handbook be made immediately upon final approval of this resolution.
