NECHE Accreditation (formerly NEASC)

- October 2018 4-day site visit
- Full 10-year accreditation received April 4, 2019
- NECHE accreditation letter:

“We commend Northeastern University for its past decade of growth and innovation that successfully balanced strong research programs with its teaching mission and achievement of a high level of student success. With a clear mission that animates the university community and an effective shared governance structure that promotes clear communication and trust among colleagues, Northeastern has developed a culture that encourages innovation and welcomes learning from failure.”

Supporting Students

All incoming, federally-eligible, financial aid applicants receive 100% of demonstrated need, putting us among a select group of fewer than 80 institutions nationally.

This aid combines with our Northeastern Promise, which guarantees grant funding for a recipient's full undergraduate program.

Matchmate Salary Data for FT-NTT Faculty

- Matchmate salary data for FT-NTT faculty are not available.
- To address this, we initiated a project with the Colonial Group institutions to create a matchmate salary database.
- This fall, UDS will gather salary data from 5 schools who have signed on to participate: Boston College, Tulane University, Wake Forest University, Lehigh University, and Tufts University.
- We hope to have this salary data available for the spring merit cycle.
